'From the North'

Holly Dormor

Michael Reid Southern Highlands is delighted to welcome back Sydney-based, **Holly Dormor** to the gallery with her new collection of work, *From the North*. Since her sold-out exhibition at Michael Reid Northern Beaches in 2024, collectors have been eagerly awaiting her next suite of paintings. *From the North* continues Dormor's exploration of light and its transformative nature.

"The harsh sunlight from my northern windows has an extraordinary effect on a subject – particularly botanicals. Leaves illuminate or disappear into shadow, forming curious, high-contrast images I never tire of," Dormor says.

The artist was a finalist in the 2023 National Emerging Art Prize and the 2023 Hunters Hill Art Prize, and as a multidisciplinary artist, a finalist in the 2015 Woollahra Small Sculpture Prize. Her work is held in private collections throughout Australia.
