

'Botanica Vita II'

Alice *Laura Palmer* · Allie *Webb* · Angie *de Latour* · Baden *Croft* · India *Mark* ·
Louise *Anders* · Miranda *Summers* · Nadja *Kabriel* · Susan *Morris*

In its second iteration, 'Botanica Vita II' brings together nine artists who are inspired by the natural world and the flora and vegetation that surrounds them. We are thrilled to welcome back to the gallery Michael Reid favourites India Mark, Louise Anders, Angie de Latour, Susan Morris, Nadja Kabriel and Baden Croft, plus—exhibiting with us for the first time—both Allie Webb and Alice Laura Palmer.

Together, the exhibition celebrates the vitality and complexity of plant life, revealing how artists continue to find renewal, symbolism and sensory richness in the botanical realm. 'Botanica Vita II' invites viewers to consider the enduring relationship between humans and the vegetal world—how we borrow from it, care for it, and find ourselves reflected within it.
